Re: Unlimited Credit Line

Dear Ronald Ferrari

The flooring industry continues to be challenged by the current very difficult economic environment. We recognize that having dependable credit customers like you is a critical factor in the success of a business, especially in these difficult times. One of the features we have made available to our best credit customers is the opportunity to earn an **Unlimited Credit Line**. Customers, who demonstrate financial stability over time, including an ability to consistently manage their credit account in a current status, may qualify for an unlimited credit line.

It is our pleasure to inform you that your company is among a very select group that has earned the unlimited credit line status. This unlimited credit line may remain in effect as long as your company continues its excellent credit standing and current status.

Our desire is for this program to provide you additional freedom and flexibility to allow your company to expand purchases from Shaw Industries. Your line of credit is available for the purchase of all Shaw products, including carpet, hard surfaces, and rugs. We hope you will take advantage of your outstanding credit position with Shaw to expand your business with additional product lines.

Shaw is extremely excited about our new hard surface introductions. We have a complete line of the most innovatively designed and styled hard surface products to compliment our longstanding strengths of quality, service, and value. We are more confident than ever that we can partner with you to maximize floor covering sales opportunities in your marketplace. Our field sales Territory Managers are eager to show you these "must see" products.

Thank you for being one of our most outstanding and dependable credit customers. Please let us know if there is anything that we can do to earn more of your business.

Sincerely,
